# REPORT OF THE AUDITOR AND FINANCIAL STATEMENTS EXPORT – IMPORT BANK OF THAILAND FOR THE THREE-MONTH PERIOD AND SIX-MONTH PERIOD ENDED JUNE 30, 2008 (TRANSLATION)

**AUDITOR'S REVIEW REPORT** 

TO: MINISTER OF FINANCE

The Office of the Auditor General has reviewed the balance sheets of the Export-Import Bank

of Thailand as at June 30, 2008, and the related statements of income for the three-month periods and

six-month periods ended June 30, 2008 and 2007, changes in capital, and cash flows for the six-

month periods ended June 30, 2008 and 2007. These financial statements are the responsibility of the

Bank's Management as to their correctness and completeness of the presentation. The responsibility

of the Office of the Auditor General is to issue a report on these financial statements based on the

reviews.

The Office of the Auditor General conducted the reviews in accordance with generally

accepted auditing standards applicable to review engagements. Those standards require that The

Office of the Auditor General plan and perform the review to obtain moderate assurance as to whether

the financial statements are free of material misstatement. A review is limited primarily to inquiries of

the Bank personnel and analytical procedures applied to financial data and thus provides less

assurance than an audit in accordance with generally accepted auditing standards, and accordingly

the Office of the Auditor General does not express an audit opinion.

Based on these reviews, nothing has come to attention that causes the Office of the Auditor

General to believe that the Bank's financial statements are not presented fairly, in all material

respects, in accordance with generally accepted accounting principles.

The Office of the Auditor General previously audited the financial statements for the year

ended December 31, 2007 of the Export-Import Bank of Thailand in accordance with generally

accepted auditing standards and expressed an unqualified opinion on those statements in report

dated February 22, 2008. The balance sheet as at December 31, 2007, presented for comparative

purposes, is part of the financial statements which the Office of the Auditor General has audited and

issued a report thereon as stated above. The Office of the Auditor General has not performed any

other auditing procedures subsequent to the date of that report.

#### AND FOR THE YEAR ENDED DECEMBER 31, 2007 (AUDITED)

Export-Import Bank of Thailand (or "the Bank") was established by the Export-Import Bank of Thailand Act, 1993 (B.E. 2536), with the objective to provide financial supports for exports, imports and investments related to the development of the Thai economy. Its services include:

- export financing services provided through commercial banks;
- short-term and long-term credits provided directly to exporters;
- medium-term credits for export business expansion;
- short-term and medium-term credits to foreign banks to finance goods imports from Thailand;
- credit and equity financing to support Thai investments overseas;
- export credit insurance services to Thai exporters;
- credits for overseas projects yielding economic returns to Thailand; and

#### 2. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The interim financial statements are prepared in accordance with minimum requirements of Accounting Standard No. 41 (Revised 2007): Interim Financial Reporting, covering the balance sheets, statements of income, changes in capital and cash flows as those of annual financial statements and selected explanatory notes.

An interim financial report provides details of recent events and changes to the annual financial statements on a year-to-date basis. As a result, a reader would need to access the Bank's most recent annual report ended December 31, 2007 to gain a full understanding of the Bank's financial position.

The financial statements are prepared in conformity with generally accepted accounting principles as prescribed in the Accounting Act, 2000 (B.E. 2543) and presented in accordance with the Notification issued by the Bank of Thailand prescribing the forms of balance sheet and statement of profit and loss for commercial banks dated May 10, 2001.

# 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
